About 9 Spokes

9 Spokes recommends the world's best business software tools for small and medium sized businesses and integrates them into a smart Dashboard. 9 Spokes allows business owners to easily work on their business, saving them time and giving them confidence in their decision-making, because 9 Spokes reveals key information on their business performance. 9 Spokes delivers key metrics to help a business owner run their business from anywhere at any time, while also offering collaboration opportunities with their business advisors. 9 Spokes offers a model for businesses to access their smart Dashboard and features directly themselves, as well as a white labelled product that channel partners can offer to their SME customer base.
